DZOFILM

OCTOPUS ADAPTER

PL-RF / L / E / DX / X, EF-RF / L / E

DZOFILM.COM

Precise Fit and Solid Connection.

Octopus, a kind of smart creature that catches subjects tightly through their tentacles. Inspired by this, the DZOFILM adapter holds the lens to the camera body tightly as an Octopus does and keeps it secure during use.

PRECISE FIT AND SOLID CONNECTION

Active-locking system eliminates play, gap or wiggling when mounted on adapter, no adjustments required.

±0.01MM TIGHT TOLERANCE

High Precision Machining.
No back flange adjustments needed.
Infinity focus maintains accurate.

Weight as light as
154g
without base

SOLID, COMPACT AND RELIABLE

Aluminum-alloy components for weight reduction. Stainless steel construction prevents any physical changes due to temperature fluctuations.

Name	Octopus							
Colour	Black							
Lens Mount	PL					EF		
Camera Lens Mount	RF	E	X	L	DX	RF	E	L
Material	Aluminum Alloy
